**Stora Holm**  
TRAFIKÖVNINGSPLATS

- Risk education for driving license (10 000 students annually)
- Stora Holm can contribute knowledge about risk education and young drivers.
- Provides training in both Risk 1 and Risk 2 for cars and motorcycles.
- Located near the city (15 minutes drive from Lindholmen)
- Owned by NTF Väst - The National Society for Road Safety

**Stora Holm**  
TRAFIKÖVNINGSPLATS 

- Road safety training for authorities
- Provide different surfaces such as asphalt, slippery surfaces, gravel and terrain
- High-speed driving & maneuvering training to improve driver safety and control.
- Ecodriving

**Stora Holm**  
TRAFIKÖVNINGSPLATS

- Road safety training for companies
- Testing and event areas(for testing vehicles, driver behavior, and new technologies)
- We have a long experience in driver training, also for professional drivers.
- Also, we have test tracks and other facilities that can be used in different types of projects and activities.

TRAFIKÖVNINGSPLATS

We intend to use new knowledge to further develop our instructors and our training courses, thereby contributing to increased competence in several groups active on our roads.

We would like to understand state-of-the-art in road user behaviour as well as driver support systems and what future driver training might look like.
