

SAFER Thursday seminars autumn 2017

Date	Week	Name, company	Name, company	Research area / Competence area / Subject
07-sep	36	Cristofer Englund, Rise Victoria	Jac Wisman, SAFER	Competence area Traffic systems / Project SaferAfrica
14-sep	37	Fredrik von Corswant, Chalmers	Johan Persson, Uniti	Infrastructure Revere / Partership Uniti
21-sep	38	Helena Gellerman, SAFER	Bengt Arne Sjöqvist, Chalmers	Infrastructure leader Naturalist driving data, project UDRIVE / Research area Care & Rescue
28-sep	39	Tania Dukic Willstrand, VTI	Lotta Jakobson, Volvo	Research area Road user behaviour / Research area Human body protection
05-okt	40	Bengt Jacobson, Chalmers	Katalin Osz, Halmstad University	Competence area Vehicle dynamics / HEAD - Human Expectations and Experiences of Autonomus Driving
12-okt	41	Martin Fagerström, Chalmers	Lena Nilsson, VTI	Competence area Structures and materials / Competence area Driving simulator applications
19-okt	42	Erik Ström, Chalmers	Matti Seimola, MediaMobile	Competence area Sensors and communications / Partnership MediaMobile
26-okt	43	Mats Svensson, Chalmers	Trent Victor, Volvo Cars	Competence leader Bio-mechanics and protective systems / Competence area Behaviour in accident causation, Safety in Autonomus Driving
02-nov	44	Autumn Break - No Seminar		
09-nov	45	Bengt Arne Sjöqvist, Chalmers	Bengt Jacobson, Chalmers	Research area Care & Rescue / Competence area Vehicle dynamics
16-nov	46	Cristofer Englund, RISE Victoria	Torbjörn Andersson	Competence area Traffic systems / Research area Performance evaluation
23-nov	47	Jan Jacobson, RISE	Magnus Granström, SAFER	Competence area Functional safety / Director SAFER
30-nov	48	Erik Ström, Chalmers	Else-Marie Malmeken, Malmeken	Competence area Sensors and communication / Partnership Malmeken
07-dec	49	Mats Svensson, Chalmers	Daniel Åsljung, Zenuity	Competence area Bio-mechanic and protective systems / Safety validation for self-driving vehicles
14-dec	50	Martin Fagerström, Chalmers		Competence area Structures and material
