

NOW HIRING: Traffic Information Operator (Maternity leave replacement 3/2019 – 10/2020)

Level up your career in Mediamobile Nordic – Let's improve our traffic safety together!

Are you eager to join an ambitious team? If yes, you might be the Traffic information operator we are now looking for. Mediamobile traffic information centre in Tallinn consist of two teams, one operating Finland and Estonia and one team operating Sweden, Norway and Denmark.

About the role

- Operating traffic information messages in Swedish, Norwegian, Danish
- Publishing traffic information messages in Sweden, Norway, Denmark in V-Traffic services
- Continuously improving traffic information message quality in V-Traffic services
- Contacting traffic information sources (Road administration, partners etc)
- Actively searching traffic information (roadworks, events etc.) from different sources
- Contributing on monthly traffic operators team meeting

As a Traffic information operator, you will work in traffic information centre in two shifts: Monday to Sunday morning (7.00-15.00) and afternoon (15.00-23.00). Morning and afternoon rush hours are the busiest time in a day with many accidents on road. During midday time flies publishing

roadwork and events in V-Traffic service. Work includes traffic information handling received from multiple sources and validating it in time and place before publishing it to V-Traffic services.

Ideally you have these skills

- Good written & verbal in following priority: Swedish, (Norwegian, Danish)
- Social skills to interact with other team members in Estonian/English/Swedish language
- Basic IT skills to use Windows office tools (word, excel, outlook)
- Ability to learn new things as the traffic information operating tool
- Positive attitude and ability make independent decisions
- Driving license or experience of the Nordic driving culture

We will offer

- Fixed term contract 3/2019 – 10/2020 (maternity leave) as Traffic Information Operator
- Flexible work schedules
- Competitive salary (depending on language skills and working hours)
- Lunch and sport voucher
- Personal development and training for the position
- Good team and supporting colleagues and fresh environment
- Nice office located in Tallinn, Estonia Technopolis Ülemiste (Lootsa 2b)

Apply now - the position will start March 2019!

V-Traffic safety & traffic services are available in 25 European countries by Mediamobile and used in 30 different OEM navigators, portable navigation units, mobile phones, media, web, TV, radio etc. Mediamobile Nordic is a subsidy of Mediamobile SA in France and part of the Be-Mobile Group providing traffic and safety information services in Nordic counties.
